**INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS**

**Tom Owens**  
**General Chairman**

**Shannon Spotswood**  
**Vice Chairman**

**Mike Stacks**  
**Secretary-Treasurer**

General Chairman's Report – June, 2022

Brothers and Sisters:

National Negotiations: We have been released to proceed under the Railway Labor Act! Due to the release on June 18, 2022, we are in a 30-day cooling off period. The next step will be either the appointment of a Presidential Emergency Board or the ability to strike in mid-July. In anticipation of arguments before the PEB, I have been meeting with the IO and our attorney to gather information to be presented supporting our issues.

Active Claims: 11 new NS cases were opened this month. 8 new CSXT cases were opened this month. In addition to normal calls and information requests, the Council is now currently handling 95 active cases. Any issue that involves disciplines/claims advanced to the Council, letter responses, medical delay documentation, RRB benefit issues, health insurance issues, etc., generate a case file with the Council.

Travel: Detroit – NS investigation; Albany – CSX facility tour and manager meeting.

Pan Am New York Dock: With CSX acquiring Pan Am, it appears that Pan Am will fall under the jurisdiction of the System Council #6. Along with SC7, who currently represents the independent Pan Am, we have been negotiating New York Dock protections for the merger.

Vacation:

In Your Service,

Tom Owens  
General Chairman
